

Rules, Regulations, and Expectations for Mr. Buonagurio's Science Class

My expectation for both you and myself is to be successful in this class. In order for this to take place, we must follow some **Rules** and **Regulations** that will govern our classroom. Every student can learn and will learn in our class. The **Rules** and **Regulations** below are provided to aid in our learning experience.

1. Come to class every day with the three **R's** in mind: **Readiness, Responsibility, and Respect.**
2. Follow directions.
3. Be in your seat when the bell rings and **Ready** to work. (Tardy students will be required to check in at the attendance office before returning to class)
4. **Absolutely no Food or Drink** in the classroom. (New York State Law prohibits food products in a science laboratory)
5. **No talking or calling out** during the lesson.
6. Be considerate to your classmates and teacher.

To encourage students to follow the class rules, appropriate behavior will be supported with praise, positive notes and phone calls home.

Consequences

Below is a list of consequences. If the rules and regulations that govern our classroom are not followed, the following consequences will occur. If you continue to make poor choices in your behavior, you will continue to receive the consequences.

1st consequence = a warning

2nd consequence = a meeting with the teacher and a "Conduct Sheet" for that week

3rd consequence = after school detention

4th consequence = a call home

5th consequence = Administrative Referral

Parent/Student Acknowledgement:

Textbook #: _____

Dear Parent/Guardian:

Please read the course description and classroom rules and regulations with your child. After reading and discussing, please sign and return the bottom portion of this letter. Retain the top portion for both you and your child.

I _____ have read and understand the aforementioned rules and regulations.
(Student Signature)

I _____ have read and understand the aforementioned rules and regulations with my son/daughter.
